

## **Ambulatory Claims Rejection and Surgery Review**

**OBJECTIVE:** This course will address the types, reasons and impact of UB-04 claims data discrepancies. Sample UB-04s with inappropriate data will also be provided to illustrate the inappropriate transfer of data from the coding specialists to the billing system. This course also provides detailed steps that can be used to track the reasons that claims are rejected. The role of Quality Improvement Organizations (QIOs) in reviewing ambulatory surgery claims will also be addressed.

**AUDIENCE:** Coding Specialists, Coding Managers, Reimbursement Specialists, Compliance Auditors and Analysts, Hospital-Based Clinic Managers, and ALL hospital staff responsible for outpatient coding including emergency room, ancillary department and hospital-based clinic staff.

**DURATION:** 4 hours

**CURRICULUM:**
